Research submission form for publication

(Please complete the information on the five pages)

1- The title of the research submitted for publication as submitted to the journal:

.....
.....

2- The names of the researchers, and the entities they work for:

Researcher's name	The entity he works for ¹	General specialization	Exact specialization	E-mail

3- The name of the researcher with whom correspondence will be conducted:

.....

4- Address.....

5- phone..... Fax.....

¹ Ministry, university (college-department), research center, local, regional or international study center, institution of a scientific nature, directorate, etc.

- The research consists of part or all of:

Local study Local and non-local study Regional and international Master's thesis

Doctoral dissertation Individual research Group research Any other case

- The place(s) for carrying out the research or study in detail

.....
.....

- Source of data and information used in the research:

.....

- Dependence of the equipment and laboratories used to conduct the research:

.....

- Have you conducted a computational investigation of your research topic? Yes NO

- To what extent does this reflect on the references used in the research?

.....

Time of conducting the research: Beginning: End:.....

- Percentage of the researcher(s)' contribution in implementing the research:

The first researcher.....% The second.....% The third.....% The fourth%.....

- Has the research been previously published partially or completely in local or international scientific journals, or in abstracts or volumes of symposiums or specialized scientific conferences?

Never published Partially published Completely published

- Has the research itself been submitted for publication in a local or other foreign journal²?

Yes NO

- - Name of the journal or periodical:

² It is not accepted to submit research that was previously rejected by any scientific journal in the universities of the Syrian Arab Republic.

- Title of the conference, symposium or works.....
- Time it was held: Place:..... (Country /City):
- According to the researcher's opinion:

The research submitted has an academic character It has indirect practical applications It has a direct applied character³

- The submitted research is new⁴

Locally Locally and internationally Composes a new addition

Application of modern technologies or any other situation

- What is new, what is the scientific addition, if any, what is the amendment to previous research(s) (mentioned briefly)?

.....

.....

.....

I pledge to the accuracy of the data and information contained in this form, and on my personal responsibility, with regard to the rights of others. I also pledge to meet and accept the publishing conditions of the Arab Journal of Dry Environments.

Full name of the submitter of the research:

Signature:

E-mail:

Mobile Number:

³ What is succinctly?.....

⁴ More than one field can be selected.

Acknowledgment

I acknowledge:

The research tagged with:.....

.....

.....

It is an original work that has not been previously published or sent for publication to another party. I also pledge not to send it to any other party during your arbitration period.

Mobile Number:
