MY JOURNEY WITH

THE SYRIAN CAMELS

INTERNATIONAL YEAR OF CAMELIDS 2024

By Prof. Dr. Darem Tabbaa

Table of Contents

01 Dear Friends

02 Preface:

03 The End of the Journey

Special Thanks to Dr. Naser Eddin Al Obeid GD of ACSAD for his support to achieve different activities on IYC 2024

Dear Friends

Our journey will not be a journey of camels and letters; it is a journey of images that have engraved unforgettable memories in my heart. A journey with which I have always felt feelings that I have never felt before with other humans and animals. It is a journey of a special kind of learning, i...

And life experiences come from difficult experiments. And that difficult circumstances and environments do not necessarily create fierce people, but they can be more gentle and kind than those who live in comfortable and soft environments.

My journey with camels was a complete school from which I learned many difficult skills that helped me overcome my difficult times.

Preface:

Meeting a camel is a special and unforgettable experience.

Camel Enchantment

Grand & Majestic

Camels are known for their impressive size, long necks, and unique physical features.

Dignified & Calm

Camels move with an air of composure and serenity. They are graceful in their movements and have a dignified presence.

Tender & Loving

Camels have a gentle and affectionate nature. They are known for their loyalty and loving personalities.

As this year 2024 comes to an end, I feel like I will be celebrating my camel friend with Christmas and New Year celebrations, as this year has passed quickly and was full of surprises. But the most prominent bright spot of this year is that I accompanied my favorite animal on its journey through being honored by all camel lovers in the world.
